

OVERVIEW:

This year's event brought together stakeholders, policymakers, industry representatives, and the public at the California State Capitol to showcase the promise of hydrogen mobility. Displays included hydrogen passenger cars, trucks, fuel delivery tankers, and supporting infrastructure. Attendees also engaged with a coffee truck powered by hydrogen-related technology, creating a welcoming and interactive environment.

HIGHLIGHTS:

- *Vehicles on Display:* Passenger cars, light-duty and heavy-duty trucks, and tankers
- *Community Engagement:* Networking among policymakers, industry leaders, and the public
- *Hydrogen Infrastructure Showcase:* Live demonstrations of hydrogen delivery, refueling concepts, and industry partnerships
- *Coffee & Conversation:* Attendees enjoyed refreshments from the Good Roots Café, creating a relaxed environment for discussion
