

# RENEWABLE & CLEAN AIR ENERGY KICKOFF

**MAY 17, 11-2 PM**

Blue Economy and Climate Action Pathways project (BECAP) aims to address the emerging workforce demands in ocean related labor markets that are aligned with renewable energy clean air ecosystems across the LA Region. This kick-off event marks the beginning conversations regarding renewable/ clean energy solutions and the future workforce needs in this new and emerging sector. Our lineup includes subject matter experts and a rich conversation shaping the future workforce needs of renewable energy in the LA region.

Location: Los Angeles Harbor College - 1111 Figueroa Pl, Wilmington CA 90744

Register: <https://LAHC-Renewable-Clean-Energy.eventbrite.com>
